## Studio Policy

*Welcome to Vivace Piano Studio!*

### **REGISTRATION:**

Complete your registration by signing the agreement and waiver along with your \$35 registration fee (non refundable). This secures your spot in the studio for the full semester.

### **ATTENDANCE:**

It would be great if every lesson could be attended, but I know that things come up. If for some reason your student is unable to attend a lesson, please give me at least 24 hours notice as a courtesy.

**I do not provide makeup lessons.** Your tuition secures your time slot, attendance is totally up to you. I highly recommend making attendance a priority to ensure the best quality and experience! You won't want to miss out!

I know sports may sometimes conflict, but it is your responsibility to make it work. I am still a competing athlete myself, and I promise you it is possible!

With all of this being said, I will do my best to connect you with spots that may become available if you have an emergency.

If for some reason I have to cancel on you (sick or emergency), I will always provide a makeup lesson or credit the missed lesson towards the next month's tuition.

**INCLEMENT WEATHER POLICY:** In the event of bad weather, if Edmond Public Schools are closed, we will not have lessons. If it seems unsafe at the studio location, we will not have lessons.

**LATE POLICY:** If you are 7+ minutes late to your half hour lesson, or 10+ minutes late to your hour lesson with no contact, you forfeit your lesson that week. I will assume you were unable to come to your lesson.

### **SINGLE SESSION CANCELLATION/TERMINATION OF CONTRACT POLICY:**

(See above) If you need to cancel your lesson, please call 24 hours ahead of time if possible as a courtesy. Makeup lessons are not provided unless I cancel on you.

If you decide to discontinue piano lessons, please provide 30 days notice. If 30 days notice is not given, one month's tuition will still be charged as an exit fee.

## **Recitals:**

I always encourage my students to attend and perform in recitals. It is a great way for the student to experience performing and listening to music from other students. Attendance is not required for recitals, *but it does count for TWO attendance credits.* Recital is CRUCIAL to the learning and development of pianists. Please do your best to have your student attend and participate, even if they feel nervous! (We actually spend time every year approaching performance anxiety and techniques to overcome it)

I do my best to schedule our recitals towards the end of every school semester. Venues may vary, but I will make sure to provide the address and directions to each recital venue.

## Recital Etiquette:

Here are a few guidelines to prepare for your student's recital. If your student is performing in recital, I would ask that the student and family would stay for the entire recital. In a performance environment, it is considered very rude to leave soon as your child plays. It is also not fair to the students performing towards the end of the program when their audience keeps leaving throughout the recital. Please do not think that dropping off your student to recital without a parent or adult family member is acceptable. Students need lots of support from their parents and family at these events! You will be so proud and enjoy every moment!

Also, it is required for each performer to be in appropriate dress for the event. Usually girls wear a dress or something nice enough to be an equivalent of a dress and boys usually wear slacks and a nice shirt. Jeans are too casual. All of these suggestions are for the benefit of your student. It is important for the recital experience to be as professional as possible. It is also meant to be fun and rewarding; recitals are incredibly important to the progress and musical development of the students.

**Adult Students:** YES. YOU need to play at recital. Don't plan on being sick that day, or have a work "thing." If a 6-year old can do it and survive, SO CAN YOU!! Kids need your good example!

## Group Lessons:

(worth 1 attendance credit)

We will often have group lessons a couple of times throughout the semester. These are not mandatory, but are the *equivalent value of a private lesson attendance*. Group lessons are important sessions geared to enrich the piano experience. In group lessons, we go over musical aspects that include composers and music history, ensemble repertoire (such as duets) along with the occasional field trip. Most group lessons are broken up into age groups, but if there are siblings in separate age groups, they are free to both attend the same session.

## *Special Note from Jessica:*

Welcome! I am so excited to be teaching you or your child! Each student is very important and I hope to provide the perfect environment for you or your student to grow as a musician. Please know that you will be given quality instruction and that the priority of this studio is to help each student reach their goals and exceed them.

Also, please realize that piano lessons is a serious commitment. Without support and consistency, your student will absolutely struggle. The piano is one of the most difficult instruments to learn. It takes on average, about 7 to 8 years for a piano student to begin to play at a comfortable and early advanced level. This isn't an undertaking that can be mastered in a year. Piano requires a lot of love and discipline.

Learning the piano is immensely rewarding and worth every moment of it,

but every student will come to a point in their learning process where they will want to quit because it feels too difficult. I personally wanted to quit every 3 or 4 years until I was in high school. I hope that you will encourage and be encouraged to stick with it, because it is most definitely worth the efforts you put into it. I am so thankful that I persevered through the tough phases because it has been the most rewarding skill in my life.

I take piano very seriously because piano lessons are more than just learning about music, it's about learning self-discipline, focus, patience, motivation, and self-expression. Piano lessons teach life skills such as long-term commitment, a drive to work harder and accept challenges, organization, self respect, and confidence. All of these things are important qualities to have in the future. Because music is so much like learning a new language, there is so much that can be communicated through music, such as emotions, pictures, stories, etc. Music can be an excellent way for you or your child to be expressive. Opening up to the world of music will only benefit and nurture the piano student, whether they are 3, or 93.

I always wish the BEST for my students and treat them each as if they are my greatest student. I hope that you will have the best experience possible in this journey to learn the joys of music and how to play the piano. May piano bring your family as much joy as it has brought me!

Sincerely,  
Jessica Headley
